

CHARM CITY SOCCER LEAGUE NON-ROSTER PLAYER LIST

Non-roster player:

- Any Player not on the roster of a team for which the Player plays as of the time of the team's game; or
- Any Player on the team's roster who is not wearing the League shirt.

Non-roster players are permitted during the regular season in accordance with League rules:

- The non-roster Player **must** sign a waiver (if one has *never* been signed) before taking the field;
- No more than eight (8) non-roster Players may be used for any one given game;
- Non-roster Players may not play if it brings the team to more than 15 Players for that game;
- This list shall be **legibly completed** and **given to the referee by the team's kickoff**.

Note: Non-roster Players are not required to be *at the field* by the start of the team's game. If any Players listed do not play, the Captain should cross out their names immediately following the game. Any Player not on this list in accordance with the above rules is ineligible to play. **Exceptions:** (1) If a Player is injured during the game, the referees, in their discretion, may allow that team to replace the injured Player provided the rules are otherwise followed. (2) Any Player listed on a team's roster who is not wearing the League shirt can have their name added to the list within 5 minutes of the end of the game.

Team Name _____

Date of game _____

Captain's name (or acting Captain if Captain is not present) _____

NOTE: Captains will no longer be required to submit non-roster Player email addresses on this form. However, within 48 hours of their game, one team representative (generally, the Captain) must send an email to the League with the names AND email addresses of any non-roster Players who participated in that team's game. Inaccurate information or failure to do so will result in the team's inability to use non-roster players for the team's subsequent game.
